March 29 - 2: CSA National Gathering • March 30 - 2: CSNZ National Gathering • 14-22: CSUS One World Health Medical Nicaragua Missions Trip

NEW ZEALAND

CSNZ is gaining momentum with Logan Mills as our new National Director. New missions are popping up and our tribe is growing with many attending our annual events. Surfing is popular so there is a huge need for Christians who surf to get alongside Kiwi surfers and show them the hope we have in Jesus!

PRAY FOR

- Christians who surf to share their faith
- Leaders to be effective with ongoing energy
- CSNZ presence to grow

CANADA

CS remains present on Vancouver Island and in Nova Scotia, but there are many remote surfing communities that need Jesus' love. Our communities are close-knit and growing. God is using us in this growth to build community through committed relationships to one another.

PRAY FOR

- Revival for our CS communities
- Direction with a potential surf school
- Guidance for leaders with life changes

NORWAY

It's been a different year for CS Norway with less activities on the agenda and less people with strong engagement. Still CS is a well known name among most of the Arctic surfers and we are given opportunities to serve the Norwegian Surf Federation and also around our local surf spots.

PRAY FOR

- Renewal of engagement for leaders
- More of God's plan to be revealed for us
- The young surfers

SWEDEN

It has been an exciting year! We have been able to support the Swedish kite-surfing championships and an SUP competition, while also hosting our 4th annual camp. As a mission we are starting to grow but are still in the process of building what will become CS Sweden.

PRAY FOR

- More opportunities for outreach
- A stronger effect within our surf community
- Unity amongst leadership and new members
